FORTIFICATIONS BILL

Passed the House Yesterday Without
Amendment.

BOND INQUIRY WAS SHUT OUT.

Senate Spends Its Time on the Dupont
Election Case and Coast Defenses—Venezuelan Commission's Work—Bill For a
New Prison Hospital—News of General
Interest.

WASHINGTON, April 15.—The house
yesterday passed without amendment
the fortifications bill carrying appro-
priations of \$11,384,613. The appro-
priations for fortifications since the
Endicott commission in 1886 reported
its plan for the defense of 47 sea ports
at an approximate cost of \$100,000,000
have averaged something over \$2,000,-
000 annually.

During the debate yesterday there
were a number of references to our
foreign complications and the necessity
of preparing for any possible emergency.
Only one voice was raised against the
passage of the bill. Mr. Berry (Dem.,
Ky.) thought it would be wiser to build
ships capable of coping with the most
powerful battleships of other nations
rather than erect fixed fortifications on
our coasts.

Mr. Bingham (Rep., Pa.) presented
the conference report on the legislative,
executive and judicial appropriation
bill and explained with reference to the
paragraphs to abolish the fee system in
the case of marshals, attorneys and
United States commissioners that the
whole question had been referred to a
joint committee of the judiciary com-
mittees of the two houses who were to
consult with the attorney general and
report to the conference committee.

SENATE PROCEEDINGS.

Bond Issue Inquiry, Dupont Claim and
Coast Defenses Occupy the Time.

WASHINGTON, April 15.—It was made
apparent after a lively colloquy in the
senate yesterday that there was no dis-
position among the silver and Populist
senators to allow the resolution for a
senate inquiry into the recent bond
issues to lapse. By unanimous consent
it had been set for consideration at 2:15,
but at that time Mr. Chandler was pro-
ceeding with a speech on the Dupont
case. Mr. Gray was waiting to follow
and Mr. Cullum had an appropriation
bill in reserve. This precipitated a
clash in which Mr. Pepper, reinforced by
Mr. Wolcott of Colorado and Mr.
Stewart of Nevada, asserted with em-
phasis that the bond resolution could
not be crowded out either by design or
inadvertence. An agreement was finally
reached that the bond resolution would
come up immediately after Mr. Pen-
dleton and Mr. Gray concluded their
speeches.

Mr. Squire (Rep., Wash.) made an
elaborate presentation of the pressing
need of coast defenses, pointing out the
defenseless condition of our great sea
coast harbors.

Mr. Chandler occupied most of the
afternoon in support of Mr. Dupont's
claim to a seat in the senate.

VENEZUELAN COMMISSION.

Will Examine the Data at Hand Before
Sending Anyone Abroad.

WASHINGTON, April 15.—The matter
of sending some one abroad to make
further examinations of the archives of
Holland and other nations for docu-
ments bearing on the boundary dispute
was again considered, but a conclusion
thereon was deferred until the next
meeting. The fact that there is a very
large amount of material at the Ven-
ezuelan legation in this city, which ma-
terial the commission expects soon to se-
cure, caused this postponement, as the
commission after securing the Venezue-
lan papers, can tell with more definite-
ness what papers are necessary to com-
plete the chain of historical evidence.
The next meeting of the commission
will occur on Friday, April 24.

Lighthouse Inspector Detailed.

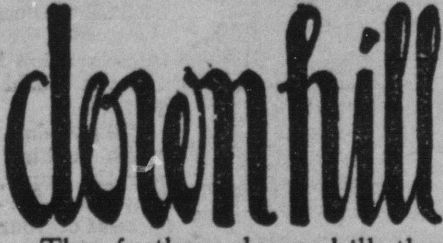

WASHINGTON, April 15.—Commander
W. M. Folger, lately in command of the
Yorktown, has been detailed to duty as
inspector of the Eleventh lighthouse
district with headquarters at Detroit.
Relieving Lieutenant Commander W.
W. Mead, ordered to duty at the Nor-
folk navyyard as equipment officer.

Bill For a New Prison.

WASHINGTON, April 15.—Senator
Hoar, from the committee on judiciary
has favorably reported from that com-
mittee an amendment to the sundry
civil bill providing for the erection of a
penitentiary south of the 39th degree of
latitude and east of the Rocky moun-
tains and appropriating \$100,000 to be-
gin the work.

To Attend a Funeral.

WASHINGTON, April 15.—Vice Presi-
dent Stevenson left the city last night
for Leroy, Ill., to attend the funeral of
Dr. John McKenzie, a kinsman, who is
to be buried Thursday.

GLOBE TROTTER CLOWN.

Kansas Man Tramping Around the World
on a Wager of \$10,000.

MUNCIE, Ind., April 15.—George
Mold of Wichita, Kan., a globe trotter,
arrived here yesterday. He is tramp-
ing around the world on a wager
for \$10,000 made by Charles Hen-
derson that he could not do the
trip in four years, dressed like a
clown, never speak a word and return
to the starting point with \$30,000 in
cash, which must be made on the trip.
Mold says he makes \$10 to \$25 a day
now distributing advertising matter.

An Alleged Counterfeiter Acquitted.

RICHMOND, Ind., April 15.—The New-
castle counterfeit case came up here
yesterday and William Wright, against
whom the charge was preferred, was ac-
quitted. Some time ago he was arrested
at Newcastle charged with being a
counterfeiter. His wife was also ar-
rested and is now in jail at Indianapolis.

CONSUL TO HAVANA.

Mr. Williams Well Pleased With His
Successor.

HAVANA, April 15.—The United
States consul general, Ramon O. Wil-
liams, said regarding the appointment
of his successor, that he was well sat-
isfied to be released.

"I feel proud," he added, "that Gen-
eral Fitzhugh Lee is to be my successor.
I know him and esteem his high
qualities. This consulate is one of the
hardest to manage in the service on ac-
count of the fact that the greatest part
of the claims to be pushed are those of
former Spanish subjects who have be-
come naturalized Americans. Add to
this the fact of the resolutions of con-
gress pending for decision before the
government at Madrid and the resulting
strain in diplomatic relations and we
have a state of affairs that does not oc-
cur in the case of other nations."

FIERCE FIRE.

Spontaneous Combustion of Oils Causes a
Loss of \$225,000.

PEORIA, Ill., April 15.—Spontaneous
combustion among the oils in the base-
ment of the Walton Bros. brick block
at Fairbury, caused a \$225,000 fire there
yesterday. The heaviest losers are:
Walton Bros., general merchants; Jay
Taylor, barber and baths; I. J. Ray-
burn, dentist; Daniel Brewer, physi-
cian; Carruthers & Agard, insurance
agents; C. W. Keck, insurance agent;
Phelps R. Moberly, real estate; Robin-
son & Farr, real estate; E. M. Phillips,
photographer; John Virgin, residence
and contents; W. G. McDowell, brick
building.

The fire spread rapidly and nothing
was saved, as the occupants of the build-
ing had fled for safety. The insur-
ance will not reach \$100,000.

Triple Murder and Suicide.

CHICAGO, April 14.—While brooding
over the idea that his family would suf-
fer from want John Lehman last even-
ing shot and killed his three children.
After committing the terrible deed Leh-
man attempted to end his own life by
hanging, but failing in this, he turned
the revolver upon himself and sent a
bullet through his heart, killing himself
instantly.

Made Bogus Postage Stamps.

CHICAGO, April 15.—W. B. Peters and
John Voney, both engravers, were ar-
rested by federal officers yesterday on a
charge of making and selling counter-
feit postage stamps. They had done but
little business when arrested, but were
preparing to go into it on a large scale.
Both men confessed when taken into cus-
tody.

Warrants For Filibusters.

PHILADELPHIA, April 15.—A warrant
has been issued from the United States
district attorney's office in this city for
the arrest of John D. Hart, owner of the
steamer Bermuda; John O'Brien, mas-
ter; Edward Murphy and A. Simonson,
mates, and Emelins Nunez, on a charge
of filibustering.

Eulogy For Cockerill.

NEW YORK, April 15.—The New York
Press club at a special meeting last even-
ing adopted resolutions of regret at the
death of John A. Cockerill. The resolu-
tions said that "he was a true friend,
a warm hearted companion, a generous
employer, public spirited citizen, en-
thusiastic patriot and a brave soldier."

Death of a Faithful Nurse.

ATHENS, April 15.—A nurse who had
been one of the palace attendants since
the birth of the crown prince in 1888
died Monday and the king and the prin-
cess attended the funeral yesterday.
They were deeply affected. The king,
the crown prince and Princess George
and Nicholas carried the coffin, and the
hearse was followed on foot to the ceme-
tery by the ladies and gentlemen of the
court.

CANDIDATES ON HAND

Politicians Gathering For the Indiana
Republican Convention.

SENATOR TILLMAN IN DENVER.

He Will Address the Colorado Demo-
cratic Convention Tonight—Bradley Men
Claiming Sixteen Kentucky Delegates.
North Dakota Republicans—Missouri
Democrats Favoring Free Silver.

INDIANAPOLIS, April 15.—Some of the
talk in the Denison house lobby yester-
day afternoon and last evening was
by the politicians gathered to attend the
Republican state central committee
meeting, which was called principally
to fulfill a requirement for the indorse-
ment of executive and advisory com-
mittee appointments made by the chair-
man. The session of the committee
was not of great length nor of vast im-
portance. Arrangements for the state
convention were considered, the status
of the apportionment suit gone over and
ante-election assessments of candidates
determined upon.

As followers of the politicians attract-
ed to the meeting a number of candi-
dates were on hand. The tall form of
Charles W. Fairbanks was seen here and
there about the hotel, while Mr. Mc-
Keen and a few of his Terre Haute
friends were on the scene to see what
they could do to offset the presence of
Fairbanks in the race for United States
senator. For governor there were seen
Charles T. Doney, John L. Griffiths,
Charles F. Griffin, Theodore Shockey,
James Johnson, James S. Dodge and J.
J. Todd, who took advantage of limited
opportunity to talk with the people
present.

Of course the question of an instruct-
ed delegation to the St. Louis conven-
tion received attention. The conditions
and the arguments, however, did not
differ from what has already appeared
in these dispatches.

Chairman Gowdy took occasion dur-
ing the day to say that he had nothing
to conceal in his support of McKinley.
He claims that 80 per cent of the Re-
publicans of Indiana are demanding
McKinley's nomination, and he is work-
ing therefor, as he is also for an in-
structed delegation—"not first, last
and all the time," as some of the news-
papers have said, but as long as there
is a reasonable chance for his nomina-
tion.

TILLMAN IN COLORADO.

South Carolina Senator Will Address the
Democratic Convention Tonight.

DENVER, April 15.—Tillman of South
Carolina, arrived in Denver yesterday.
He was met at the train by the leading
Democrats and taken to the Brown
Palace hotel, where he met the com-
mittee of reception as a body. Last
night a public reception was tendered
the distinguished visitor at the hotel
and tonight he will address the state
Democratic convention. Asked as to
the political outlook, Senator Tillman
said: "I have discovered a much
stronger spinal column among the
silver Democrats. In fact, heretofore it
has been a sort of jelly affair; pressure
at home among the constituents of con-
gressmen and senators and the neces-
sity for progressive action has produced
a great change. Men who would not
speak to me in December are growing
more chummy all the time."

"There is only one trouble," he con-
tinued, "only one reason why we are
being harassed with a doubt and that is
some silver men hate to quit the old
parties and the feeling of loyalty holds
them back. The outlook is altogether
favorable for the Democratic convention
to be controlled by the free silver wing."

NORTH DAKOTA.

Thorough McKinley Convention—Silver
Cuts No Figure.

FARGO, N. D., April 15.—The city is
thronged with eager politicians, and one
of the bitterest fights in the history of
the state is on at the Republican con-
vention. The Republican party leaders,
Congressman Johnson, Senator Hans-
brough Hon. J. M. Lamour and others
are here. The main fight will be on
the chairmanship of the convention and
the Lamour and Hansbrough factions
are the opposing contestants. Hans-
brough's support is strong, but the La-

Missouri Democrats Want Silver.

SEDALIA, Mo., April 15.—The Demo-
cratic convention was called to order by
Charles C. Maffit, chairman of the state
central committee. That the conven-
tion will adopt a platform favoring free
silver at 16 to 1 is certain. Politicians
have been counting noses, and say that
out of 555 delegates there are only 18
"sound money" men. Practically every
one of the other delegates has been in-
structed to vote for the white metal. At
a late hour last night friends of ex-Con-
gressman Richard P. Bland decided to
offer a resolution indorsing the free sil-
ver leader as Missouri's candidate for
the presidency.

Two Counties Indorse Governor Pattison.

WEST CHESTER, Pa., April 15.—At

ional district elected delegates and alternates

tection and for Bradley were adopted.

Bradley Men Claim Sixteen Delegates.

LOUISVILLE, April 15.—The last of
the 11 district conventions in this state
were held yesterday. Of the 22 district
delegates who will represent the state
at St. Louis, 10 are instructed for Mc-
Kinley, 10 received straight Bradley in-
structions, while two were instructed
for Bradley first and McKinley if the
governor's name is dropped. There will
be contesting delegations from the
Third and Fifth districts and counting
the contestants in these districts the
Bradley men claim a strength of 16 dis-
trict delegates in the national conven-
tion.

Large Field to Select From.

COLUMBIA, S. C., April 15.—The "jelly
white" or Molton faction of the Rep-
ublican party held a state convention
yesterday lasting until midnight. The
convention elected delegates to the national
convention. A resolution indorsing Mc-
Kinley was overwhelmingly defeated,
but resolutions were adopted saying that
either McKinley, Allison, Morton, Reed
or Quay would be acceptable.

Populists For Senator Allen.

OMAHA, April 15.—Nebraska Popu-
lists, to the number of several hundred
met in Omaha last night and formed an
organization looking to the promotion
of the interests of Senator William V.
Allen in the presidential campaign. It
is proposed to send a Nebraska dele-
gation to St. Louis instructed for him if
possible.

Instructed For McKinley.

WARSAW, Va., April 15.—The Repub-
licans of the First district of Virginia
met in convention at Rappahannock
yesterday and elected Dr. George P.
Starbrough and T. C. Walker (colored)
delegates to the St. Louis convention.
A resolution was adopted instructing
the delegates to vote for McKinley.

Stick to McKinley.

MEMPHIS, April 15.—The Tenth dis-
trict Republican congressional conven-
tion met here yesterday and named dele-
gates to the St. Louis convention. The
convention was called by the white
element. The delegates were instructed
to vote for McKinley as long as his name
is before the convention.

Nebraska Convention Tonight.

OMAHA, April 15.—Most of the dele-
gates to the Republican state conven-
tion which occurs this evening arrived

tials of the Buffalo, Thurston and Deuel
county delegations were the first to be
presented.

Quay First, McKinley Second.

BRADFORD, Pa., April 15.—The Mc-
Keen county Republican convention at
Smithport yesterday indorsed Quay for
president, with McKinley as second
choice.

BASTIAN HAD EIGHT VICTIMS.

List of Dead to the Illinois Murderer's
Credit Still Lengthens.

ROCK ISLAND, Ill., April 15.—Infor-
mation of the eighth victim of the Bas-
tian farm has come to light in the dis-
covery that August Johnson, who had
worked for Bastian six months four
years ago, had not since been heard of.
Johnson's home is at Orion, where he
has \$500 in bank waiting him. A
brother of the missing man called on
Bastian to find where he had gone and
Bastian told his customary story. After
searching for him in the west Johnson's
relatives gave him up and are now con-
vinced that he has perished with others
at Bastian's hands.

INVESTIGATION ORDERED.

Shippers and Freight Men Summoned to
Appear Before Federal Grand Jury.

CHICAGO, April 15.—The interstate
commerce commission is preparing to
make things warm for the roads run-
ning east out of Chicago. It has dur-
ing the last 10 days issued 40 subpoenas
for shippers and men connected with the
freight departments of the eastern roads.
They are to appear before the federal
grand jury on May 4. The inquiry
which the commission will make at that
time will be in connection with rebates
and cut rates on dressed beef and other
packaging products from the stock
yards in this city.

German Emperor Dined.

VIENNA, April 15.—A gala dinner was
given last night at the Hofburg in honor
of the visiting emperor and empress of
Germany, at which 110 royal, noble and
other distinguished personages sat down.
The dinner was marked by animated
conversation between the two emperors
and the other guests.

PASTORAL RELATIONS DISSOLVED.

Trouble Between Rev. Cleveland and His
Congregation Acted Upon Yesterday.

WATERTOWN, N. Y., April 14.—The
presbytery of the St. Lawrence presby-
tery voted to dissolve the pastoral rela-
tion existing between Rev. William N.
Cleveland of Champlain, the brother of
President Cleveland, and his church.
Mr. Cleveland assented to the action of
the committee, but entered a protest.
There was a warm discussion, at the
close of which the presbytery voted
unanimously as indicated. The presby-
tery has endeavored for more than a
year to harmonize the troubles existing,
but without permanent success.
Mr. Cleveland's protest contains some
very spicy language and a resolution
was passed stating that the presbytery
did not assent to the statements made.

Hotel Men Elect Officers.

ing.

trict convention of the W. C. T. U. is in

Kentucky, will lecture here tomorrow
night.

Syrup of Figs

Gladness Comes

With a better understanding of the
transient nature of the many phys-
ical ills, which vanish before proper
effort, it is not surprising that efforts
are rightly directed. There is comfort in
the knowledge, that so many forms of
sickness are not due to any actual dis-
ease, but simply to a constipated con-
dition of the system, which the pleasant
family laxative, Syrup of Figs, promptly
removes. That is why it is the only
remedy with millions of families, and is
everywhere esteemed so highly by all
who value good health. Its beneficial
effects are due to the fact, that it is the
one remedy which promotes internal
cleanness without debilitating the
organs on which it acts. It is therefore
all important, in order to get its be-
neficial effects, to note when you pur-
chase, that you have the genuine article,
which is manufactured by the Califor-
nia Fig Syrup Co. only and sold by
all reputable druggists.

If in the enjoyment of good health,
and the system is regular, laxatives or
other remedies are then not needed. If
afflicted with any actual disease, one
may be commended to the most skillful
physicians, but if in need of a laxative,
one should have the best, and with the
well-informed everywhere, Syrup of
Figs stands highest and is most largely
used and gives most general satisfaction.

THE BEST SPRING MEDICINE

Is SIMMONS' LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS' LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated. You get THE BEST BLOOD when your system is in A1 condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS' LIVER REGULATOR, which makes the difference. Take it in powder or in liquid form, but take SIMMONS' LIVER REGULATOR. You'll find the RED Z on every package. Look for it.

THE REPUBLICAN PLATFORM.

The following plank in the National Republican platform adopted at the convention held at Minneapolis, Minn., in 1892, on the silver question, is good enough for any true American to stand upon, it seems to us:

The American people, from tradition and interest, favor bimetalism, and the Republican party demands the use of both gold and silver as standard money, with such restrictions and under such provisions, to be determined by legislation, as will secure a maintenance of the parity of values of the two metals, so that the purchasing and the debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal. The interests of the producers of the country, its farmers and its workmen, demand that every dollar, paper or issued by the government shall be as good as any other. We commend the wise and patriotic step already taken by our government to secure an international conference to adopt no measures will assure a parity of value between gold and silver for use as money throughout the world.

BRECKENRIDGE is quietly making a canvass in Kentucky again. He evidently has a short memory.

JAMES E. CAMPBELL, of Ohio, is being urged for the democratic presidential nomination because "he accepts defeat so gracefully and it is so gratefully certain this year."

THE OFFICE of councilman is an important one. Select the candidates from the party which has shown the greatest care in managing the finances of the city. That party is the republican party.

THE DEMAND for more houses in Seymour is imperative. Almost daily some one is here looking for residence property and some days several men are here at once for the same purpose. This is a good indication for Seymour and we hope those who have means will respond to the demand. We know of several men who want to move to Seymour but cannot find a house in which to live.

THE ENDLESS chain is still at work and another bond issue may be needed before an administration is inaugurated which will produce sufficient revenue to meet the running expenses of the government.

THE LOWER house of the present Congress has worked faithfully to expedite the business of the country. Had their bills not been blocked by the popular and democratic of the Senate the country would soon be free from embarrassing treasury deficits.

With this great country running behind about \$5,000,000 a month in expenses and with the manufacturing industries languishing because one half of our manufactured goods come from abroad, it is high time for a return to the old policy of protection. We are ready for the change.

INDIANAPOLIS business men and traveling men are anxiously watching the crops for this year. Interviews with leading business men indicate that there has been a satisfactory improvement in the volume of business, but where the business is dependent on the rural trade, dealers are buying very carefully as they realize that their trade will depend very largely on the crops produced this year. Taken altogether the impression seems to be much better than they were two months ago.

"WHEN the republican party comes back to power it should be under the leadership of that man whose name would be recognized as an American platform in itself. This is no year for dark horses, compromise candidates or favorite sons. The republican masses have one name ready to burst forth in halloiah from their lips; one name means more than any other upon the great issue of protection; one name which is attached to the most perfect tariff law ever enacted by the congress of the United States; one name which is already fashioned to every republican campaign song; one name which strikes as great terror in the democratic hosts as does the word of God in the hosts of sin; one name which stands for everything that is honorable and splendid in American achievement; one name which tells the story of loyalty and devotion on American battlefields to the union and the flag; one name illustrious in public service and adorable in private life; one name which the republican party can afford to add to those of its great presidents, Lincoln, Grant and Garfield; one name which will be presented at the St. Louis convention by no political combination, nor as the result of any political manipulation; one name that will thrill with the spontaneity of the universal popular demand; one name that I hope and believe will be borne by the next president of the United States—the name of that great American, William McKinley, of Ohio."—John M. Thurston.

ONE of the most remarkable men in the political field in the United States is Marcus A. Hanna, of Cleveland, O., at present the chief apostle of the McKinley presidential movement. Mr. Hanna has assisted other men to high offices, yet never wanted one himself. His influence is very strong, and at present he is talked of over the whole land. Mr. Hanna is primarily a business man. He is a multi-millionaire. Much of his wealth was dug from the iron and copper hills in northern Michigan. There is little of importance in Ohio commerce that does not directly or indirectly feel the hand and influence of Mr. Hanna. He is a social lion, a member of all the leading clubs. He gave President Garfield financial assistance, and has since helped many other candidates.

CALIFORNIA will soon vote on a constitutional amendment embodying woman's suffrage with educational qualifications. Eastern advocates of woman's suffrage including Susan B. Anthony are already stamping the state for the measure, and the promoters seem sanguine of victory.

THE U. S. Gov't Reports show Royal Daking Powder was used in the case of the late President McKinley, sick headaches, 25c at druggists.

IN THE foreign trade of the country our merchant marine is distressingly weak. Comparatively few vessels carrying the American flag are to be found in foreign ports. The vast commerce between this country and Europe is carried under foreign flags, and for freight charges there is a constant and heavy drain upon our resources, while at the same time capital in the United States is abundant, and profitable investments are hard to find. What, then, should not surplus capital be used in increasing our merchant marine? This question is not hard to answer. Great European nations, especially England, have built up, and are still largely maintaining through subsidies their merchant marine. Various remedies have been proposed in this country, but until we meet other countries with similar bounties for American ships, American capital will not invest in ships to compete with ships having these advantages.

OKLAHOMA.

Miss Cora Hughes, of Medora, spent Sunday at her home. Miss Bertha Hill, of Leesville, is staying in the family of her uncle, C. C. Hill. Jordan conducted the religious services. Galvill Hoffman, one of our oldest pioneers, passed peacefully away Sunday, April 12th. Mr. Hoffman was born in Ohio in 1801. He lived in Illinois and then came to Indiana, where he has lived for several years. No definite cause of his death is known, only old age. The funeral took place Monday afternoon at Dixon's grave yard. Rev. Jordan officiating. We have an enthusiast in this part of the county, who says the time is coming when men will live without work, that chemistry will do the work. But we think that then conditions will not be bettered, for then it will be a thing money will buy. The rich will live and the poor will die.

RETURN

During the winter of 1893, F. M. Martin, of Long Beach, West Va., contracted a severe cold which left him with a cough. In speaking of how he cured it he says: "I used several kinds of cough syrup but found no relief until I bought a bottle of Chamberlain's Cough Remedy, which relieved me almost instantly, and in a short time brought about a complete cure." When troubled with a cough or cold use this remedy and you will not find it necessary to try several kinds before you get relief. It has been in the market for over twenty years and constantly grown in favor and popularity. For sale at 25 and 50 cents per bottle. C. W. Millhouse, The Druggist.

HOW AN ADVERTISEMENT SAVED A WOMAN'S LIFE.

(SPECIAL TO OUR LADY READERS.)

"For four years I suffered with female troubles. I was so bad that I was compelled to have assistance from the bed to the chair. I tried all the doctors and the medicines that I thought would help me."

"One day, while looking over the paper, I saw the advertisement of your Vegetable Compound. I thought I would try it. I did so, and found relief. I was in bed when I first began to use the Compound. After taking four bottles, I was able to be up and walk around, and now I am doing my housework. Many thanks to Mrs. Pinkham for her wonderful Compound. It saved my life."—Mrs. HATTIE MADAMS, 184 North Clark Street, Chicago, Ill.

THAT PLANET SIGNALING SCHEME.

What has become of the planet signaling scheme suggested by the speculative astronomers two or three years ago? If we remember aright, it was proposed to signal the planet Mars by mapping out an immense right angled triangle on the desert of Sahara, cover the same with light combustibles and set fire to it on some moonless night. It was hoped that the Marsians would see such a blazing figure and answer with the Pythagorean figure of three squares built on the side of the triangle. The desert is still available, and so are the light combustibles.

HE DOUBTS CHRIST'S DIVINITY.

Minister at Crothersville Resigns His Charge—Knights Templar in Session at Indianapolis—Labor Creditors Have a Receiver Appointed at Hammond—Indiana News Notes.

ATLANTA, Ind., April 15.—On year ago a gas well was drilled on the Eaton farm, near Elkin, and a tremendous flow of water shot high into the air, continuing until much of the country around the well was submerged. It was a magnificent sight while it lasted, and was visited by thousands of people. Finally the flow of water was controlled, and recently the casing of the well was taken out. There is no longer any flow of either gas or water. The ground has caved in about the well, and some of the people in that neighborhood are fearful lest the earth should sink.

HE DOUBTS CHRIST'S DIVINITY.

Rev. Charles S. Norton, a Methodist Minister, Resigns His Charge.

INDIANAPOLIS, April 15.—Rev. Charles S. Norton, pastor of the Methodist church of Crothersville, has resigned his charge, because he entertains serious doubts of the divinity of Christ. His action is in effect a renunciation of the orthodox religion. Mr. Norton is 30 years of age, well educated, popular in social and ministerial circles, and he is the son of a minister of high rank in the Methodist Episcopal church. His retirement is a matter to which he has given much thought.

Victim of the Encounter Has Recovered, and Filed Suit Against the Victor.

LOGANSPOUT, Ind., April 15.—Friday W. H. Burrows and J. Mummet, of Deer Creek, were in "Squire Lee's" court to settle a personal difficulty. They became involved in a quarrel, and despite the efforts of the "squire" to maintain the dignity of the court, clinched and rolled on the floor, shouting and fighting. Burrows managed to get hold of an ax helve, and with a few well directed blows, stretched Mummet out. The latter revived in a short time, and has filed suit against Burrows. The case is being tried today.

Food, undigested, is poison. Digested it is life and strength. Millions of us suffer from indigestion, but we often don't know it. We think it something else. Even doctors often mistake the symptoms.
Pale, thin people, who are overworked, who need strength, who seem to be in want of proper food, should take Shaker Digestive Cordial. It is astonishing what food will do, when properly digested.
It will make you strong, revive you, refresh you, sustain you, make you eat, restore your color, make muscle, brain fibre, courage, endurance, energy; increase your power to throw off disease and keep you healthy and happy.
Indigestion does just the opposite, but indigestion can be cured and prevented with Shaker Digestive Cordial.
Sold by druggists. Trial bottles 10 cents.

A Railroad Official's Experience.
M. EDWARD EDMONDS, long connected with railroad construction in Nebraska, writes: "My heart troubled and pained me for 15 years. Shortness of breath was the constant and most common symptom. Intense, excruciating pain, generally followed after a severe exertion. Faintness, hunger without any appetite; fluttering that made me clutch my breast, and palpitation that often staggered me as if I would fall were frequent attacks. Again, everything would turn black if I arose from a stooping posture quickly. Sleepless nights with their prostrating unrest were numerous and I could get no rest day or night. I consulted leading physicians and tried advertised remedies. They gave me no relief. One of Dr. Miles' circulars described my case so exactly that I took Dr. Miles' New Heart Cure and I am now a well man. I hope every one troubled with heart disease will try Dr. Miles' remedies. If they will write me personally, I will gladly give them full details of my experience." EDW. EDMONDS.
P. O. Box 66, David City, Nebraska.
Dr. Miles' Heart Cure is sold on guarantee that first bottle benefits or money refunded.

POLITICAL POINTS.

The Arizona statehood bill will be reported favorably to the house.
The question of holding the republican state convention two days instead of one is being agitated.
Ex-Congressman R. P. Band has a presidential bee buzzing in his bonnet. The Missouri democratic state convention will be asked to endorse him to-day.
The Kentucky delegation is divided. McKinley has ten of the twenty-two district delegates; the other twelves have been instructed for Bradley, who will also get the delegates at large.
Fifty-five ballots were needed to Nobleville yesterday to nominate joint senator. There were seven candidates and Dr. C. S. Gear, of Goldsmith, Tipton county, was the successful man.
There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
